CAMP GEAR LIST

USE AS A GUIDE FOR MOST CAMPS

This is a general gear list for most camps. Not everything listed is essential, a bit of common sense is needed when packing depending on the time of year that the camp is. Remember not to over pack, we have limited space generally for gear and most of the time you want use half the stuff you take. All your gear should fit into one bag (not a jamboree one!) and be labeled with your name. And don't make Mum or Dad pack, do it yourself!
